SELLBYTEL Relocates To New Building In Nuremberg

Modern, innovative, inspiring: this is the new building of the SELLBYTEL Group in the Tullnau Park in Nuremberg, which will be ready by the end of 2017. The respective contracts have just been signed and the building works will commence shortly.

All of the approximately 900 employees from our locations in Nuremberg and Fuerth will be united in the new office spaces amidst the local recreation area Woehrder See.

Employees as well as clients can look forward to cutting-edge standards regarding infrastructure, technology, design and interior. This includes excellent traffic connections, a car park for both employees and clients, full air conditioning, attractive lounge areas, a cafeteria and parking spaces for food trucks.

The new premises not only mean very modern working conditions for employees, but the SELLBYTEL Group thereby also builds on its role as an innovative, forward-looking outsourcing partner.
